ORDER

On May 23, 2013, Louisville Gas and Electric Company (“LG&E”) and Kentucky Utilities Company (“KU”) (jointly the “Companies”) filed a motion for clarification and amendment<sup>1</sup> of the Order of April 30, 2013. In the April 30, 2013 Order, the Companies’ two-year DSM Energy Management Program for Schools and the proposed changes in the DSM rates and tariffs were approved as of that date. In support of the motion, the Companies state that they intended to request that the new rates and proposed changes become effective on June 1, 2013 in order to begin collecting the costs of the program in the month before the start of the schools’ next fiscal year. The Companies further state that as they had originally requested an order by May 31, 2013, they assumed that June 1, 2013 would be the effective date for the rates and tariffs. They request that the Commission expressly approve June 1, 2013 as the effective date of the revised DSM rates and tariffs and enter an Order granting the clarification and amendment of the April 30, 2013 Order.

---

<sup>1</sup> The Commission will construe the Companies’ motion for clarification as a motion for rehearing pursuant to KRS 278.400.

Based on the motion and being otherwise sufficiently advised, the Commission finds that the Companies' motion should be granted and the April 30, 2013 Order should be amended to reflect that the Companies' two-year DSM Energy Management Program for Schools and the proposed changes in the DSM rates and tariffs are effective as of June 1, 2013.

IT IS THEREFORE ORDERED THAT:

1. The Companies' motion is granted.
2. Ordering paragraph 1 of the April 30, 2013 Commission's Order is amended to read as follows: The proposed two-year DSM Energy Management Program for Schools and the proposed changes in the DSM rates and tariffs as set out in the Joint Application are approved as of June 1, 2013.
